DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This two story four bay frame double house stands on the west side of North Conococheague Street facing east. It was built into a slope so that the limestone foundation is a fully exposed story at the front elevation. A shed roof front porch has a set of steps at either end, one for each side of the double house. It has a standing seam tin roof, two over two double hung sash, and asbestos siding. The woodwork on the porch and around the windows suggest a late 19th century construction date.
